To Whom It May Concern,

My name is Art Karno and I am a licensed chiropractor in the state of California. I am currently in private practice in Marina del Rey, Ca. and have been actively practicing as a solo practitioner since 1984.

I have use the Neuromodulation Technique since its inception, attending several seminars of instruction which is taught by use of the seminar manual. The system works as disclosed.

I have used the NMT technique in private practice for many patients with various complaints and conditions. Among the conditions are musculo skeletal, including limitations of range of motion, pain including neck, low back, and also shoulder, knee and foot pain. The technique is useful in treating patients of all types of complaints and I have successfully used the method to treat other conditions as well, including headaches, allergies, breathing disorders and fatigue, to name a few.

Sincerely,

Art Karno, DC
